PROXY STATEMENT

2003 Annual Meeting of Shareholders

General Information

This proxy statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Harris & Harris Group, Inc. (the "Company") to be voted at the 2003 Annual Meeting of Shareholders (the "Annual Meeting") to be held on May 5, 2003 and at any adjournment thereof.

The Annual Meeting will be held on Monday, May 5, 2003 at 2:30 p.m., local time, at the Roosevelt Hotel, 45 East 45th Street, New York, New York 10017. At the Annual Meeting, shareholders of the Company will be asked to elect 10 directors to serve on the Board of Directors of the Company and to hold office until the next Annual Meeting and to vote on the other matters stated in the accompanying Notice and described in more detail in this proxy statement. If any other matters properly come before the Annual Meeting, the persons named on the proxies will, unless the shareholder otherwise specifies in the proxy, vote upon such matters in accordance with their best judgment. The enclosed proxy card and this proxy statement and annual report on Form 10-K are being first transmitted on or about March 31, 2003 to shareholders of the Company.

The Board of Directors has fixed the close of business on March 26, 2003 as the record date for the determination of shareholders of the Company entitled to receive notice of, and to vote at, the Annual Meeting. At the close of business on the record date, an aggregate of 11,498,845 shares of common stock were issued and outstanding. Each such share will be entitled to one vote on each matter to be voted upon at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of such outstanding shares is necessary to constitute a quorum for the transaction of business at the Annual Meeting.

#### Solicitation and Revocation; Vote Required

All properly executed proxies received prior to the Annual Meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein. Unless instructions to the contrary are marked, shares represented by the proxies will be voted "FOR" all the proposals.

Any proxy given pursuant to this solicitation may be revoked by a shareholder at any time, before it is exercised, by written notification delivered to the Secretary of the Company, by voting in person at the Annual Meeting, or by executing another proxy bearing a later date. If your shares are held for your account by a broker, bank or other institution or nominee, you may vote such shares at the Annual Meeting only if you obtain proper written authority from your institution or nominee that you present at the Annual Meeting.

Approval of any of the matters submitted for stockholder approval requires that a quorum be present. The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of common stock entitled to vote is necessary to constitute a quorum. Abstentions and broker non-votes will be counted as shares present at the Annual Meeting for purposes of determining the existence of a quorum. Broker non-votes are proxies received by the Company from brokers or nominees when the broker or nominee neither has received instructions from the beneficial owner or other persons entitled to vote nor has discretionary power to vote on the particular matter.

If a quorum is present (in person or by proxy) and voting, (i) the directors will be elected by a plurality of the votes cast; (ii) the proposal to ratify, confirm and approve the independent auditors will be approved if a majority of the votes cast are cast in favor; and (iii) the financing proposal will be approved if a majority of the votes cast are cast in favor. All other matters being submitted to shareholder vote pursuant to the Notice of Annual Meeting will be approved if a quorum is present in person or by proxy and a majority of the votes cast on a particular matter are cast in favor of that matter. For purposes of the election of directors, approval of the auditors, approval of the financing proposal and unspecified matters that come before the meeting, votes withheld, abstentions and broker non-votes will not be counted as votes cast on the matter and will have no effect on the result of the vote.

Proxies will be solicited by the Company. Proxies will be solicited by mail. All expenses of preparing, printing, mailing, and delivering proxies and all materials used in the solicitation of proxies will be borne by the Company. They may also be solicited by officers and regular employees of the Company personally, by telephone or otherwise, but these persons will not be specifically compensated for such services. Banks, brokers, nominees, and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding solicitation material to their principals, the beneficial owners of common stock of the Company. It is

estimated that those costs will be nominal.

#### Audit Committee Report

The Audit Committee of the Board of Directors is responsible for monitoring the integrity of the Company's consolidated financial statements, its system of internal controls and the independence and performance of its independent auditors.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent accountant is responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. However, it is not professionally engaged in the practice of accounting or auditing and is not expert in the field of accounting or auditing, including with respect to auditor independence. The Audit Committee relies without independent verification on the information provided to it and on the representations made by management and the independent accountant. Audit Committee meetings are designed to, among other things, facilitate and encourage communications among the Audit Committee, management and the Company's independent accountant.

During February 2002, the Audit Committee met twice regarding selection of the Company's independent accountant for the year ended December 31, 2002. On February 26, 2002, the Committee appointed PricewaterhouseCoopers LLP as the Company's independent accountant for the year ended December 31, 2002.

The Audit Committee met with management and PricewaterhouseCoopers LLP in November 2002 to discuss the significant audit procedures and scope for the 2002 audit.

The Company's independent accountant also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standards No. 1 (Independence Discussions with Audit Committees), and it discussed with the independent accountant its independence from the Company. When considering PricewaterhouseCoopers LLP's independence, the Audit Committee considered whether their provision of services to the Company beyond those rendered in connection with the audit and review of the Company's consolidated financial statements was compatible with maintaining their independence. The Audit Committee reviewed, among other things, the amount of fees paid to PricewaterhouseCoopers LLP for audit and non-audit services.

The Audit Committee met in mid-March 2003 and discussed with the independent accountant matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements and the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (Communications with Audit Committees). Additionally, the Committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2002 with management and PricewaterhouseCoopers LLP.

Based on their review and these meetings, discussions and reports, and subject to the limitations on the Audit Committee's role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for the fiscal year ended December 31, 2002 be included in the Company's Annual Report on Form 10-K.

Dugald A. Fletcher (Chair)  
Dr. Phillip A. Bauman  
Glenn E. Mayer

#### Audit Fees

The aggregate fees for professional services rendered by PricewaterhouseCoopers LLP in connection with their annual audit of the Company's consolidated financial statements and reviews of the consolidated financial statements included in the Company's quarterly reports on Form 10-Q for the fiscal year ended December 31, 2002 was approximately \$55,500.

#### All Other Fees

#### Employee Benefits

##### Employee Profit-Sharing Plan

On August 3, 1989, the shareholders of the Company approved the 1988 Long Term Incentive Compensation Plan (the "1988 Plan"). The Company's 1988 Plan was cancelled as of December 31, 1997, canceling all outstanding stock options and eliminating all potential stock option grants. As a substitution for the 1988 Plan, the Company adopted an employee profit-sharing plan.

As of January 1, 1998, the Company began implementing the Harris & Harris Group, Inc. Employee Profit-Sharing Plan (the "1998 Plan") that provided for profit sharing equal to 20 percent of the net realized income of the Company as reflected on the Consolidated Statements of Operations for such year, less the nonqualifying gain, if any. The 1998 Plan was terminated by the Company as of December 31, 1999, subject to the payment of any amounts owed on the 1999 realized gains under the 1998 Plan.

In March 2000, the Company paid out 90 percent of the profit sharing in the amount of \$1,024,696 on the 1999 realized gains; the remaining 10 percent or \$113,855 was paid out in September 2000, upon the completion and filing of the Company's 1999 federal tax return.

As of January 1, 2000, the Company implemented the Harris & Harris Group, Inc. Employee Profit-Sharing Plan (the "Plan") that provides for profit sharing by its officers and employees equal to 20 percent of the net realized income of the Company as reflected on the consolidated statements of operations of the Company for such year, less the nonqualifying gain, if any.

On April 26, 2000 the shareholders of the Company approved the performance goals under the Plan in accordance with Section 162(m) of the Internal Revenue Code of 1986 ("Code"), effective as of January 1, 2000. The Code generally provides that a public company such as the Company may not deduct compensation paid to its chief executive officer or to any of its four most highly compensated officers to the extent that the compensation paid to any such officer/employee exceeds \$1 million in any tax year, unless the payment is made upon the attainment of objective performance goals that are approved by the Company's shareholders.

Under the Plan, net realized income of the Company includes investment income, realized gains and losses, and operating expenses (including taxes paid or payable by the Company), but is calculated without regard to dividends paid or distributions made to shareholders, payments under the Plan, unrealized gains and losses, and loss carry-overs from other years ("Qualifying Income"). The portion of net after-tax realized gains attributable to asset values as of September 30, 1997 is considered nonqualifying gain, which reduces Qualifying Income.

As soon as practicable following the year-end audit, the Committee will determine whether, and if so how much, Qualifying Income exists for a plan year, and 90 percent of the Qualifying Income will be paid out to Plan participants pursuant to the distribution percentages set forth in the Plan. The remaining 10 percent will be paid out after the Company has filed its federal tax return for that year in which Qualifying Income exists. At December 31, 2002, the distribution amounts for each officer and employee were as follows: Charles E. Harris, 13.790 percent; Mel P. Melsheimer, 4.233 percent; Helene B. Shavin, 1.524 percent; and Jacqueline M. Matthews, 0.453 percent. In one case, for a former employee, who left the Company other than due to termination for cause, any amount earned will be accrued and may subsequently be paid to such participant.

As of January 1, 2003, the Company implemented the Amended and Restated Harris & Harris Group, Inc. Employee Profit-Sharing Plan (the "2002 Plan").

Under the 2002 Plan, net realized income of the Company includes investment income, realized qualifying gains and losses, and operating expenses (including taxes paid or payable by the Company), but is calculated without regard to dividends paid or loss carry-overs from other years ("Qualifying Income").

Under the 2002 Plan, awards previously granted to the Plan's four current Participants (Messrs. Harris and Melsheimer and Mss. Shavin and Matthews, herein referred to as the "grandfathered participants") will be reduced by 10% with respect to "Non-Tiny Technology Investments" (as defined in the 2002 Plan) and by 25% with respect to "Tiny Technology Investments" (as defined in the 2002 Plan) and will become permanent. These reduced awards are herein referred to as "grandfathered participations." The amount by which such awards are reduced will be allocable and reallocable each year by the Compensation Committee ("Committee") among current and new participants as awards under the 2002 Plan. The grandfathered participations will be honored by the Company whether or not the grandfathered participant is still employed by the Company or is still alive (in the event of death, the grandfathered participations will be paid to the grandfathered participant's estate), unless the grandfathered participant is dismissed for cause, in which case all awards, including the grandfathered participations, will be immediately cancelled and forfeited. With regard to new investments and follow-on investments made after the date on which the first new employee begins participating in the 2002 Plan, both current and new participants will be required to be employed by the Company at the end of a plan year in order to participate in profit sharing on such investments with respect to such year.

Notwithstanding any provisions of the 2002 Plan, in no event may the aggregate amount of all awards payable for any Plan Year during which the Company remains a "business development company" within the meaning of 1940 Act be greater than 20 percent of the Company's "net income after taxes" within the meaning of Section 57(n)(1)(B) of the 1940 Act. In the event the awards as calculated exceed such amount, the awards will be reduced pro rata.

The 2002 Plan may be modified, amended or terminated by the Committee at any time. Notwithstanding the foregoing, the grandfathered participations may not be modified further. Nothing in the 2002 Plan will preclude the Committee from naming additional participants in the 2002 Plan or, except for grandfathered participations, changing the Award Percentage of any Participant (subject to the overall percentage limitations contained in the 2002 Plan). Under the 2002 Plan, the distribution amounts for non-grandfathered investments for each officer and employee currently are as follows: Charles E. Harris, 10.790 percent; Mel P. Melsheimer, 4.233 percent;

Douglas W. Jamison, 3.0 percent; Helene B. Shavin, 1.524 percent; and Jacqueline M. Matthews, 0.453 percent.

The grandfathered participations are set forth below:

Officer/Employee	Grandfathered Participations	
	Non-Tiny Technology (%)	Tiny Technology (%)
Charles E. Harris	12.41100	10.34250
Mel P. Melsheimer	3.80970	3.17475
Helene B. Shavin	1.37160	1.14300
Jacqueline M. Matthews	.40770	.33975
Total	18.00000	15.00000

Accordingly, an additional 2.00% of Qualifying Income with respect to grandfathered Non-Tiny Technology Investments, 5.00% of Qualifying Income with respect to grandfathered Tiny Technology Investments and the full 20.00% of Qualifying Income with respect to new investments are available for allocation and reallocation from year to year. Currently Douglas W. Jamison is allocated .80% of the Non-Tiny Technology Grandfathered Participations and 2.00% of the Tiny Technology Grandfathered Participations.

On October 15, 2002 the shareholders of the Company approved the performance goals under the Plan in accordance with Section 162(m) of the Internal Revenue Code of 1986 ("Code"), effective as of January 1, 2003. The Code generally provides that a public company such as the Company may not deduct compensation paid to its chief executive officer or to any of its four most highly compensated officers to the extent that the compensation paid to any such officer/employee exceeds \$1 million in any tax year, unless the payment is made upon the attainment of objective performance goals that are approved by the Company's shareholders.

During 2002, the Company decreased the profit-sharing accrual by \$163,049, bringing the cumulative accrual under the Plan to \$15,233 at December 31, 2002. The amounts payable under the Plan for net realized income during the year ended December 31, 2002 are \$15,233. The Company will pay out 90 percent in March 2003 and the remaining 10 percent upon the completion and filing of the Company's 2002 federal tax return.

#### 401(k) Plan

As of January 1, 1989, the Company adopted an employee benefits program covering substantially all employees of the Company under a 401(k) Plan and Trust Agreement. As of January 1, 1999, the Company adopted the Harris & Harris Pension Plan and Trust, a money purchase plan that would allow the Company to stay compliant with the 401(k) top-heavy regulations and deduction limitation regulations. In 2001, Congress enacted the Economic Growth and Tax Relief Reconciliation Act of 2001 which has increased the deduction limits for plans such as the 401(k) Plan. This eliminated the need for the Company to maintain two separate plans. Effective December 31, 2001, the Pension Plan merged into the 401(k) Plan, with the 401(k) Plan being the surviving plan. Contributions to the plan are at the discretion of the Company. During 2002, contributions to the plan charged to operations were approximately \$51,500.

#### Medical Benefits

On June 30, 1994, the Company adopted a plan to provide medical and health insurance for retirees, their spouses and dependents who, at the time of their retirement, have 10 years of service with the Company and have attained 50 years of age or have attained 45 years of age and have 15 years of service with the Company. On February 10, 1997, the Company amended this plan to include employees who "have seven full years of service and have attained 58 years of age." The coverage is secondary to any government or subsequent employer provided health insurance plans. Based upon actuarial estimates, the Company provided an original reserve of \$176,520 that was charged to operations for the period ending June 30, 1994. As of December 31, 2002 the Company had a reserve of \$446,302 for the plan.

#### Employment Agreement

On October 19, 1999, Charles E. Harris signed an Employment Agreement with the Company (the "Employment Agreement"), which superseded an

employment agreement that was about to expire on December 31, 1999. The Employment Agreement expires on December 31, 2004 ("Term"); provided, on January 1, 2000 and on each day thereafter, the Term extends automatically by one day unless at any time the Company or Mr. Harris, by written notice, decides not to extend the Term, in which case the Term will expire five years from the date of the written notice. Accordingly, if the Company or Mr. Harris were to provide notice on June 30, 2003, the Term would expire on June 30, 2008.

During the period of employment, Mr. Harris shall serve as the Chairman and Chief Executive Officer of the Company; be responsible for the general management of the affairs of the Company and all its subsidiaries, reporting directly to the Board of Directors of the Company; serve as a member of the Board for the period of which he is and shall from time to time be elected or reelected; and serve, if elected, as President of the Company and as an officer and director of any subsidiary or affiliate of the Company.

Mr. Harris is to receive compensation under his Employment Agreement in the form of base salary of \$208,315 for 2000, with automatic yearly adjustments to reflect inflation. In addition, the Board may increase such salary, and consequently decrease it, but not below the level provided for by the automatic adjustments described above. Mr. Harris is also entitled to participate in the Company's Profit-Sharing Plan as well as in all compensation or employee benefit plans or programs, and to receive all benefits, perquisites, and emoluments for which salaried employees are eligible. Under the Employment Agreement, the Company is to furnish Mr. Harris with certain perquisites which include a company car, membership in certain clubs and up to a \$5,000 annual reimbursement for personal, financial or tax advice.

The Employment Agreement provides Mr. Harris with life insurance for the benefit of his designated beneficiaries in the amount of \$2,000,000; provides reimbursement for uninsured medical expenses, not to exceed \$10,000 per annum, adjusted for inflation, over the period of the contract; provides Mr. Harris and spouse with long-term care insurance; and disability insurance in the amount of 100 percent of his base salary. These benefits are for the term of the contract.

The Employment Agreement provides severance pay in the event of termination without cause or by constructive discharge and also provides for certain death benefits payable to the surviving spouse equal to the executive's base salary for a period of two years.

In addition, Mr. Harris is entitled to receive severance pay pursuant to the severance compensation agreement that he entered into with the Company, effective August 15, 1990. The severance compensation agreement provides that if, following a change in control of the Company, as defined in the agreement, such individual's employment is terminated by the Company without cause or by the executive within one year of such change in control, the individual shall be entitled to receive compensation in a lump sum payment equal to 2.99 times the individual's average annualized compensation and payment of other welfare benefits. If Mr. Harris's termination is without cause or is a constructive discharge, the amount payable under the Employment Agreement will be reduced by the amounts paid pursuant to the severance compensation agreement.

#### SERP

The Employment Agreement provides for the Company to adopt a supplemental executive retirement plan (the "SERP") for the benefit of Mr. Harris. Under the SERP, the Company will cause an amount equal to one-twelfth of Mr. Harris's current base salary to be credited each month (a "Monthly Credit") to a special account maintained for this purpose on the books of the Company for the benefit of Mr. Harris (the "SERP Account"). The amounts credited to the SERP Account will be deemed invested or reinvested in such mutual funds or U.S. Government securities as determined by Mr. Harris. The SERP Account will be credited and debited to reflect the deemed investment returns, losses and expenses attributed to such deemed investments and reinvestments. Mr. Harris's benefit under the SERP will equal the balance in the SERP Account and such benefit will always be 100 percent vested (i.e., not forfeitable). Mr. Harris will determine the form and timing of the distribution of the balance in the SERP Account; provided, however, in the event of the termination of Mr. Harris's employment, the balance in the SERP Account will be distributed to Mr. Harris or his beneficiary, as the case may be, in a lump-sum payment within 30 days of such termination. The Company contributed \$147,478 during 2002 to a rabbi trust established for the purpose of accumulating funds to satisfy the obligations incurred by the Company under the SERP. The restricted funds for the SERP Plan total \$756,944 at December 31, 2002. Mr. Harris's rights to benefits pursuant to this SERP will be no greater than those of a general creditor of the Company.

#### SELECTION OF INDEPENDENT AUDITORS

(Proposal No. 2)

PricewaterhouseCoopers LLP has been selected as the independent accountant to audit the accounts of the Company for and during the fiscal year ending December 31, 2003. This selection has been made by the Audit Committee and is subject to ratification or rejection by the stockholders of the Company. The Company knows of no direct or indirect financial interest of PricewaterhouseCoopers LLP in the Company.

A representative of PricewaterhouseCoopers LLP is not expected to be present at the meeting.

Unless marked to the contrary, the shares represented by the enclosed proxy card will be voted for ratification of the appointment of PricewaterhouseCoopers LLP as the independent public accountant of the Company.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

SALE OF RIGHTS TO PURCHASE COMMON STOCK AT NOT LESS THAN THE GREATER OF THE MARKET VALUE OR THE NET ASSET VALUE PER SHARE AT THE TIME OF ISSUANCE

(Proposal No. 3)

Proposal

During the coming year the Board of Directors believes it would be in the best interest of the Company to have the ability to offer long-term rights (which may be accompanied by or be part of other securities -- e.g., convertible debt or convertible preferred securities) to purchase common stock at an exercise price that will not be less than the greater of the market value or the net asset value per share at the time of issuance of such long-term rights. Section 61(a) of the Investment Company Act of 1940 (the "1940 Act") permits a business development company such as the Company to sell such securities on such terms (and to issue shares of common stock upon their exercise), only if several conditions are satisfied. Specifically, such practice must be approved by a majority of the independent directors and shareholders of the issuer within twelve months prior to sale. In addition, a majority of the issuer's independent directors must determine in good faith that the issuance of such securities is in the best interests of the Company and its shareholders and that the price at which such rights or other securities are to be sold (which refers to the exercise or conversion price in the case of rights such as warrants, options or conversion rights) is not less than a price which closely approximates the market value for the underlying shares of common stock at the time of issuance of such rights or other securities. Finally, the long-term rights or other securities outstanding at any particular time may not be exercisable or convertible for more than 25% of the common stock outstanding at that time. The subsequent issuance of shares upon exercise of properly authorized rights is permitted without regard to net asset value or market value at the time of exercise. The Company's Board of Directors has approved and recommends to the shareholders for their approval a proposal authorizing the Company, over the next year, to issue long-term rights to purchase common stock (subject to the 25% limitation stated above) at exercise prices that will not be less than the greater of the market value or the net asset value per share at the time of issuance of such rights. Upon obtaining the requisite shareholder approval, the Company will comply with the foregoing requirements in connection with any financing undertaken pursuant to this proposal.

Reasons for the Proposal

The Company's management and the Board of Directors have determined that it would be advantageous to the Company to have the ability to sell, either alone or as part of another security, warrants, options or rights to purchase common stock in connection with the financing and capital raising activities of the Company. This ability may be a cost-effective way for the Company to raise capital. The Board of Directors of the Company has determined that it would be in the best interest of the Company and its shareholders to increase the assets of the Company so that the Company may be in a better position to make follow-on investments and take advantage of attractive new investment opportunities in tiny technology, including nanotechnology, microsystems and microelectromechanical systems (MEMS), augment working capital, increase the diversification of its portfolio and achieve other net benefits to the Company. The Company believes that its prior investment and expertise in the tiny technology sector are likely to lead to several attractive investment opportunities in the tiny technology sector becoming available to the Company over the next one to two years. The Company does not have any current plans to issue rights or other securities and would determine to do so only after reviewing the pace at which it is investing the proceeds of its recent rights offering and the level and attractiveness of investment opportunities becoming available.

The Board also believes that increasing its assets will lower the Company's expense ratio by spreading the Company's fixed costs over a larger asset base. The issuance of additional common stock may also enhance the liquidity of the Company's common stock on the Nasdaq National Market.

Although the Company is permitted without shareholder approval to engage in rights offerings to its existing shareholders of short-term rights to purchase common stock at less than net asset value per share, these offerings must either be non-transferable, in which case shareholders who decide not to participate will have no means of capturing any portion of the value of the right to acquire shares at a discount, or must be limited in such a manner that the Company, after applying the offering discount, can increase its capital base by only approximately 25 percent per year. In addition, offerings of transferable rights whose exercise price is at a discount to net asset value may be made only once per year. The Company has recently made such a transferable rights offering and believes that the investment opportunities in tiny technology over the coming year are likely to be sufficient to justify raising capital in excess of the gross proceeds of \$5,927,882 raised in the 2002 offering. Inasmuch as the Board of Directors believes that it would not be in the best interests of shareholders for the Company to engage in large scale nontransferable rights offerings, it believes that the proposal is the best way to give the Company the flexibility to take advantage of investment opportunities that may arise over the next one or two years.

The Board of Directors has approved and is seeking shareholder approval of the proposal described above to sell, either alone or as part of another security, warrants, options or rights to purchase common stock. The final terms of any such sale, including price, term, and vesting requirements, will be determined by the Board of Directors at the time of issuance. Also, the nature and amount of consideration that would be received by the Company at the time of issuance and the use of any such consideration would be considered and approved by the Board of Directors at the time of issuance. Any such issuance may be made pursuant to either a public or non-public offering, as determined by the Board of Directors in an appropriate manner prior to the time of issuance. Any such sale would be anticipated to result in a potential increase in the number of outstanding shares of common stock. The long-term rights or other securities outstanding at any particular time may not be exercisable or convertible for more than 25% of the common stock outstanding at that time.

#### Dilution

Any such sale, other than to existing shareholders, would be potentially dilutive to the voting power of existing shareholders and could be dilutive with regard to dividends and other economic aspects of the common stock. Because the number of shares of common stock that could be so issued and the timing of any issuance is not currently known, the actual dilutive effect cannot be predicted. In addition, because the exercise price per share at the time of exercise would likely be less than the net asset value per share at the time of exercise and because the Company could well incur expenses in connection with any such sale, such exercise could result in a dilution of net asset value per share at the time of exercise for all shareholders. Such dilution would disproportionately affect non-subscribing shareholders.

#### Leverage

Any long-term rights issued may be accompanied by or be part of other securities, including convertible debt or convertible preferred securities. If the Company issues convertible debt or convertible preferred securities accompanied by long-term rights, such issuance would result in the use of leverage by the Company and would require the Company to make periodic interest or dividend payments. The use of leverage results in additional risks and can magnify the effect of any losses. If the income and gains earned on securities purchased with the proceeds of such convertible securities are greater than the cost of leverage, the Company's return on the shares will be greater than if leverage had not been used. Conversely, if the income or gains from the securities purchased with such proceeds does not cover the cost of leverage, the return to the Company will be less than if leverage had not been used. There is no assurance that a leveraging strategy will be successful.

#### Other Business

The Board of Directors does not intend to bring any other matters before the Annual Meeting and, at the date of mailing of this proxy statement, has not been informed of any matter that others may bring before the Annual Meeting. However, if any other matters properly come before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote such proxy in accordance with their judgment on such matters.

The Company's Annual Report on Form 10-K, as filed with the SEC, is being delivered with this proxy statement.

Any shareholder who would like to request a copy of the Company's most recent Annual Report on Form 10-K may do so by submitting a written request, which shall contain a representation in good faith that such shareholder was a beneficial owner as of March 10, 2003 of securities of the Company entitled to vote, to the following address:

#### Submission Of Shareholder Proposals

Any shareholder proposals intended to be presented for inclusion in the Company's proxy statement and form of proxy for the next annual meeting of shareholders to be held in 2004 must be received in writing by the Secretary of the Company at Harris & Harris Group, Inc., One Rockefeller Plaza, Rockefeller Center, New York, New York 10020 no later than January 23, 2004, in order for such proposals to be considered for inclusion in the proxy statement and proxy relating to the 2004 annual meeting of shareholders. Submission of a proposal does not guarantee inclusion in the proxy statement, as the requirements of certain federal laws and regulations must be met by such proposals.

Under the Company's Bylaws, nominations for director may be made only by the Board or the Nominating Committee, or by a shareholder entitled to vote who has delivered written notice to the Secretary of the Company (containing certain information specified in the Bylaws) not less than 90 days nor more than 120 days prior to the anniversary of the date of the immediately preceding annual meeting of shareholders; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the shareholder in order to be timely must be so received not later than the close of business on the 10th day following the day on which notice of the date of the annual meeting was mailed or such public disclosure of the date of the annual meeting was made, whichever first occurs. The Bylaws also provide that no business may be brought before an annual meeting of the shareholders except as specified in the notice of the meeting or as otherwise properly brought before the meeting by or at the direction of the Board or by a shareholder entitled to vote who has delivered written notice to the Secretary of the Company (containing certain information specified in the Bylaws) not less than 90 days nor more than 120 days prior to the anniversary of the date of the immediately preceding annual meeting of shareholders; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the shareholder in order to be timely must be so received not later than the close of business on the 10th day following the day on which notice of the date of the annual meeting was mailed or such public disclosure of the date of the annual meeting was made, whichever first occurs.

Rule 14a-4 of the Securities and Exchange Commission's proxy rules allows the Company to use discretionary voting authority to vote on matters coming before an annual meeting of shareholders, if the Company does not have notice of the matter at least 45

days before the anniversary of the date on which the Company first mailed its proxy materials for the prior year's annual meeting of shareholders or the date specified by the advance notice provision in the Company's Bylaws. The Company's Bylaws contain such an advance notice provision as described above. For the Company's Annual Meeting of Shareholders expected to be held on April 22, 2004, shareholders must submit such written notice to the Secretary of the Company in accordance with the Company's advance notice provision, as described above.

A copy of the full text of the Bylaw provisions discussed above may be obtained by writing to the Secretary of the Company.
