PROXY STATEMENT

2004 Annual Meeting of Shareholders

General Information

This proxy statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Harris & Harris Group, Inc. (the "Company," "us," "our," and "we") to be voted at the 2004 Annual Meeting of Shareholders (the "Annual Meeting") to be held on May 12, 2004 and at any adjournment thereof.

The Annual Meeting will be held on Wednesday, May 12, 2004 at 2:30 p.m., local time, on the Concourse Level at 780 Third Avenue (between 48th Street and 49th Street), New York, New York 10017. At the Annual Meeting, our shareholders will be asked to elect 10 directors to serve on the Board of Directors of the Company and to hold office until the next Annual Meeting and to vote on the other matters stated in the accompanying Notice and described in more detail in this proxy statement. IF ANY OTHER MATTERS PROPERLY COME BEFORE THE ANNUAL MEETING, THE PERSONS NAMED ON THE PROXIES WILL, UNLESS THE SHAREHOLDER OTHERWISE SPECIFIES IN THE PROXY, VOTE UPON SUCH MATTERS IN ACCORDANCE WITH THEIR BEST JUDGMENT. The enclosed proxy card and this proxy statement and annual report on Form 10-K are being first transmitted on or about April 12, 2004 to our shareholders.

The Board of Directors has fixed the close of business on March 26, 2004 as the record date for the determination of our shareholders entitled to receive notice of, and to vote at, the Annual Meeting. At the close of business on the record date, an aggregate of 13,798,845 shares of common stock were issued and outstanding. Each such share will be entitled to one vote on each matter to be voted upon at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of such outstanding shares is necessary to constitute a quorum for the transaction of business at the Annual Meeting.

Solicitation and Revocation; Vote Required

All properly executed proxies received prior to the Annual Meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein. UNLESS INSTRUCTIONS TO THE CONTRARY ARE MARKED, SHARES REPRESENTED BY THE PROXIES WILL BE VOTED "FOR" ALL THE PROPOSALS.

Any proxy given pursuant to this solicitation may be revoked by a shareholder at any time, before it is exercised, by written notification delivered to our Secretary, by voting in person at the Annual Meeting, or by executing another proxy bearing a later date. If your shares are held for your account by a broker, bank or other institution or nominee, you may vote such shares at the Annual Meeting only if you obtain proper written authority from your institution or nominee that you present at the Annual Meeting.

1

Approval of any of the matters submitted for shareholder approval requires that a quorum be present. The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of common stock entitled to vote is necessary to constitute a quorum. Abstentions and broker non-votes will be counted as shares present at the Annual Meeting for purposes of determining the existence of a quorum. Broker non-votes are proxies received by us from brokers or nominees when the broker or nominee neither has received instructions from the beneficial owner or other persons entitled to vote nor has discretionary power to vote on the particular matter.

If a quorum is present (in person or by proxy) and voting, (i) for Proposal 1, the directors will be elected by a plurality of the votes cast; (ii) for Proposal 2, the proposal to ratify, confirm and approve the independent accountant will be approved if a majority of the votes cast are cast in favor; (iii) for Proposal 3, the financing proposal will be approved if a majority of the votes cast are cast in favor; and (iv) for Proposal 4, approval of the proposal with respect to the removal of each investment restriction will require the approval of the holders of a majority of the voting securities outstanding on the record date (defined in the Investment Company Act of 1940 (the "1940 Act") as the lesser of (a) more than 50% of the shares outstanding on the record date or (b) 67% or more of the shares represented at a meeting at which more than 50% of the shares outstanding on the record date are represented). All other matters being submitted to shareholder vote pursuant to the Notice of Annual Meeting will be approved if a quorum is present in person or by proxy and a majority of the votes cast on a particular matter are cast in favor of that matter. For purposes of Proposals 1, 2, 3 and unspecified matters that come before the meeting, votes withheld, abstentions and broker non-votes will not be counted as votes cast on the matter and will have no effect on the result of the vote. For purposes of Proposal 4, because abstentions and broker non-votes are treated as shares present but not voting, any abstentions and broker non-votes will have the effect of votes against the proposal.

Proxies are being solicited by us. Proxies will be solicited by mail. All expenses of preparing, printing, mailing, and delivering proxies and all materials used in the solicitation of proxies will be borne by us. They may also be solicited by officers and regular employees of the Company personally, by telephone or otherwise, but these persons will not be specifically compensated for such services. Banks, brokers, nominees, and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding solicitation material to their principals, the beneficial owners of our common stock. It is estimated that those costs will be nominal.

2

Although it is not anticipated that any of the nominees will be unable or unwilling to serve, in the unexpected event that any such nominees should become unable or decline to serve, it is intended that votes will be cast for substitute nominees designated by our present Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" ALL THE NOMINEES.

Executive Committee

The Executive Committee meets from time to time between regular meetings of the Board of Directors and exercises the authority of the Board to the extent provided by law. The Executive Committee did not meet as a separate committee and did not act by unanimous written consent in 2003.

Audit Committee

The Audit Committee has been delegated the sole authority to appoint or replace our independent accountant, subject to shareholder ratification. The Audit Committee discusses and reviews the scope and fees of the prospective annual audit, reviews the results thereof with the independent accountant, reviews and approves non-audit services of the independent accountant, reviews compliance with existing major accounting and financial policies relative to the adequacy of the Company's internal accounting controls, reviews compliance with federal and

state laws relating to accounting practices and reviews and approves transactions, if any, with affiliated parties.

The Audit Committee operates pursuant to a written charter approved by our Board of Directors, which is attached hereto as Appendix A. The Audit Committee Charter sets out the responsibilities, authority and duties of the Audit Committee. The Audit Committee met three times and acted by unanimous written consent one time in 2003.

Compensation Committee

The Compensation Committee has the full power and authority of the Board with respect to all matters pertaining to the remuneration of our employees. The Compensation Committee met one time and acted by unanimous written consent two times in 2003.

Nominating Committee

The Nominating Committee acts as an advisory committee to the Board by making recommendations to the Board of potential new directors, committee members and officers of the Company. The Board must ratify, approve or otherwise confirm the Nominating Committee's selections and appointments to

render them effective. The Nominating Committee met one time and acted by unanimous written consent two times in 2003.

The Nominating Committee will consider Director candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Nominating Committee may also take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by the Nominating Committee, a shareholder must submit the recommendation in writing and must include:

- o The name of the shareholder and evidence of the person's ownership of shares of the Company, including the number of shares owned and the length of time of ownership;
- o The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a Director of the Company and the person's consent to be named as a Director if selected by the Nominating Committee and nominated by the Board; and
- o If requested by the Nominating Committee, a completed and signed directors' questionnaire.

The shareholder recommendation and information described above must be sent to the Company's Corporate Secretary, c/o Harris & Harris Group, Inc., 111 West 57th Street, Suite 1100, New York, New York 10019 and must be received by the Corporate Secretary not less than 120 days prior to the anniversary date of the Company's most recent annual meeting of shareholders or, if the meeting has moved by more than 30 days, a reasonable amount of time before the meeting.

8

The Nominating Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the Nominating Committee examines a candidate's specific experiences and skills, time availability in light of other commitments, potential conflicts of interest and independence from management and the Company. The Nominating Committee also seeks to have the Board represent a diversity of backgrounds and experience. The Company does not pay any third party a fee to assist in the process of identifying and evaluating candidates.

The Nominating Committee operates pursuant to a written charter approved by our Board of Directors. The Nominating Committee Charter sets out the responsibilities, authority and duties of the Nominating Committee. Our Nominating Committee Charter is attached hereto as Appendix B.

Valuation Committee

The Valuation Committee has the full power and authority of the Board in reviewing and approving the valuation of our assets for reporting purposes pursuant to our Asset Valuation Policy Guidelines that were established and approved by the Board of Directors. Glenn E. Mayer(1) was a member of the Valuation Committee from October 21, 2003 through December 24, 2003. The Valuation Committee met seven times in 2003.

(1) Mr. Mayer is currently a Director but is not a nominee for reelection at this Annual Meeting.

Since March 2003, the Audit Committee of the Company has pre-approved all audit and non-audit services provided by PricewaterhouseCoopers LLC to the Company. On November 11, 2003, the Audit Committee adopted Pre-Approval Policies and Procedures.

Audit Fees

The aggregate fees for professional services rendered by PricewaterhouseCoopers LLP in connection with their annual audit of the Company's consolidated financial statements, and reviews of the consolidated financial statements included in the Company's quarterly reports on Form 10-Q for the fiscal year ended December 31, 2003, and the review of documents and matters associated with our 2003 public offering was approximately \$98,800 and for the fiscal year ended December 31, 2002 was approximately \$55,500.

Tax Fees

The aggregate fees for professional services rendered by PricewaterhouseCoopers LLP for tax services for the fiscal year ended December

31, 2003 was approximately \$13,450 and for the fiscal year ended December 31, 2002 was approximately \$13,400.

(1) For 2002, these amounts represent the actual amounts earned as a result of realized gains during the year ended December 31, 2002 under the Harris & Harris Group Employee Profit-Sharing Plan and paid out in 2003. You may find more information on our Employee Profit-Sharing Plan under Incentive Compensation Plans.

(3) Except for Mr. Harris, amounts reported represent our contributions on behalf of the named executive to the Harris & Harris Group, Inc. 401(k) Plan. For 2003, Mr. Harris's "All Other Compensation" consists of: \$14,000 401(k) Plan employer contribution; \$298,306 for his 2003 SERP contribution; and \$5,990 in life insurance premiums for the benefit of his beneficiaries. With respect to 2002 and 2003, an additional \$73,739 was accrued for Mr. Harris's SERP account in 2002, but not paid until 2003.

(4) Mr. Harris has an employment agreement with us.

Incentive Compensation Plans

As of January 1, 2003, we implemented the Amended and Restated Harris

& Harris Group, Inc. Employee Profit-Sharing Plan, which we refer to as the 2002 Plan.

The Plan (and its predecessor) provides for profit sharing by our officers and employees equal to 20% of our "qualifying income" for that plan year. For the purposes of the Plan, qualifying income is defined as net realized income as reflected on our consolidated statements of operations for that year, less nonqualifying gains, if any.

For purposes of the Plan, our net realized income includes investment income, realized gains and losses, and operating expenses (including taxes paid or payable by us), but is calculated without including dividends paid or distributions made to shareholders, payments under the Plan, unrealized gains and losses, and loss carry-overs from other years. The proportion of net after-tax realized gains attributable to asset values as of September 30, 1997 is considered nonqualifying gain, which reduces qualifying income.

On October 15, 2002, our shareholders approved the performance goals under the 2002 Plan in accordance with Section 162(m) of the Code, effective as of January 1, 2003. The Code generally provides that a public company such as we are may not deduct compensation paid to its chief executive officer or to any of its four most highly compensated officers to the extent that the compensation paid to the officer/employee exceeds \$1,000,000 in any tax year, unless payment is made upon the attainment of objective performance goals that are approved by our shareholders.

Under the 2002 Plan, our net realized income includes investment income, realized qualifying gains and losses, and operating expenses (including taxes paid or payable by us), but is calculated without including dividends paid or loss carry-overs from other years, which we refer to as qualifying income. As soon as practicable following the year-end audit, the Compensation Committee will determine whether, and if so how much, qualifying income exists for a plan year. Once determined, 90% of the qualifying income will be paid out to Plan participants pursuant to the distribution percentages set forth in the Plan. The remaining 10% will be paid out after we have filed our federal tax return for that plan year.

Under the 2002 Plan, awards previously granted to the four current Participants (Messrs. Harris and Melsheimer and Ms. Shavin and Jacqueline M. Matthews, herein referred to as the "grandfathered participants") will be reduced by 10% with respect to "Non-Tiny Technology Investments" (as defined in the 2002 Plan) and by 25% with respect to "Tiny Technology Investments" (as defined in the 2002 Plan) and will become permanent. These reduced awards are herein referred to as "grandfathered participations." The amount by which the awards are reduced will be allocable and reallocable each year by the the Compensation Committee among current and new

14

participants as awards under the 2002 Plan. The grandfathered participations will be honored by us whether or not the grandfathered participant is still employed by us or is still alive (in the event of death, the grandfathered participations will be paid to the grandfathered participant's estate), unless the grandfathered participant is dismissed for cause, in which case all awards, including the grandfathered participations, will be immediately cancelled and forfeited. With regard to new investments and follow-on investments made after the date on which the first new employee begins participating in the 2002 Plan, both current and new participants will be required to be employed by us at the end of a plan year in order to participate in profit-sharing on our investments with respect to that year.

Notwithstanding any provisions of the 2002 Plan, in no event may the aggregate amount of all awards payable for any Plan Year during which we remain a "business development company" within the meaning of the 1940 Act be greater than 20% of our "net income after taxes" within the meaning of Section 57(n)(1)(B) of the 1940 Act. In the event the awards as calculated exceed that amount, the awards will be reduced pro rata.

The 2002 Plan may be modified, amended or terminated by the Compensation Committee at any time. Notwithstanding the foregoing, the grandfathered participations may not be further modified. Nothing in the 2002 Plan will preclude the Compensation Committee from naming additional participants in the 2002 Plan or, except for grandfathered participations,

changing the Award Percentage of any Participant (subject to the overall percentage limitations contained in the 2002 Plan). Currently, under the 2002 Plan, the distribution amounts for non-grandfathered investments for each officer and employee currently are as follows: Charles E. Harris, 7.790%; Mel P. Melsheimer, 3.733%; Douglas W. Jamison, 3.5%; Daniel V. Leff, 3.0%; Helene B. Shavin, 1.524%; and Jacqueline M. Matthews, 0.453%, which together equal 20%. In one case, for a former employee who left other than due to termination for cause, any amount earned will be accrued and may subsequently be paid to the participant.

The grandfathered participations are set forth below:

Grandfathered Participations		
Name of Officer/Employee	Non-Tiny Technology (%)	Tiny Technology (%)
Charles E. Harris	12.41100	10.34250
Mel P. Melsheimer	3.80970	3.17475
Helene B. Shavin	1.37160	1.14300
Jacqueline M. Matthews	0.40770	0.33975
TOTAL	18.00000	15.00000

Accordingly, an additional 2% of Qualifying Income with respect to grandfathered Non-Tiny Technology Investments, 5% of Qualifying Income with respect to grandfathered Tiny Technology Investments and the full 20% of Qualifying Income with respect to new investments are available for allocation and reallocation from year to year. Currently, Douglas W. Jamison and Daniel V. Leff are each allocated 0.80% of the Non-Tiny Technology Grandfathered Participations and 2% of the Tiny Technology Grandfathered Participations.

We calculate the profit-sharing accrual based on the terms of the plan in effect. During the first quarter of 2003, we paid out 90 percent of the 2002 profit sharing in the amount of \$13,710. The remaining 10 percent of the 2002 profit sharing, \$1,523, was paid out upon the

completion and filing of our 2002 federal tax return. During 2003, we made no accrual for profit sharing.

401(k) Plan

As of January 1, 1989, we adopted an employee benefits program covering substantially all employees under a 401(k) Plan and Trust Agreement. As of January 1, 1999, we adopted the Harris & Harris Pension Plan and Trust, a money purchase plan that would allow us to stay compliant with the 401(k) top-heavy regulations and deduction limitation regulations. In 2001, Congress enacted the Economic Growth and Tax Relief Reconciliation Act of 2001 which has increased the deduction limits for plans such as the 401(k) Plan. This eliminated the need for us to maintain two separate plans. Effective December 31, 2001, the Pension Plan merged into the 401(k) Plan, with the 401(k) Plan being the surviving plan. Contributions to the plan are at our discretion. During 2003, contributions to the plan charged to operations were approximately \$64,500.

Medical Benefits

On June 30, 1994, we adopted a plan to provide medical and health insurance for retirees, their spouses and dependents who, at the time of their retirement, have 10 years of service with us and have attained 50 years of age or have attained 45 years of age and have 15 years of service with us. On February 10, 1997, we amended this plan to include employees who "have seven full years of service and have attained 58 years of age." The coverage is secondary to any government or subsequent employer provided health insurance plans. Based upon actuarial estimates, we provided an original reserve of \$176,520 that was charged to operations for the period ending June 30, 1994. As of December 31, 2003 we had a reserve of \$531,293 for the plan.

Mandatory Retirement Plan

On March 20, 2003, in order to begin planning for eventual management succession, the Board of Directors voted to establish a mandatory retirement plan for individuals who are employed by us in a bona fide executive or high policy making position. There are currently two such individuals, the Chairman and CEO, and the President and COO. Under this plan, mandatory retirement will take place effective December 31 of the year in which the eligible individuals attain the age of 65. On an annual basis beginning in the year in which the designated individual attains the age of 65, a committee of the Board consisting of non-interested directors may determine to postpone the mandatory retirement date for that individual for one additional year for our benefit.

Under applicable law prohibiting discrimination in employment on the basis of age, we can impose a mandatory retirement age of 65 for our executives or employees in high policy-making positions only if each employee subject to the mandatory retirement age is entitled to an immediate retirement benefit at retirement age of at least \$44,000 per year. The benefits payable at retirement to Charles E. Harris, our Chairman and Chief Executive Officer, and Mel P. Melsheimer, our President, Chief Operating Officer and Chief Financial Officer, under our existing retirement plans do not equal this threshold. Mr. Harris has offered, for our benefit, to

16

waive his right to exclude certain other benefits from this calculation, which makes it unlikely that any provision will have to be made for him in order for us to comply with this threshold requirement. For Mr. Melsheimer, however, a new plan was established to provide him with the difference between the benefit required under the age discrimination laws and that provided under our existing plans. The expense to us of providing the benefit under this new plan is currently estimated to be \$450,000. This benefit will be unfunded, and the expense is being amortized over the fiscal periods through the year ended December 31, 2004.

Employment Agreement

On October 19, 1999, Charles E. Harris signed an Employment Agreement with us (the "Employment Agreement"), which superseded an employment agreement that was about to expire on December 31, 1999. The Employment Agreement expires on December 31, 2004 ("Term"); provided, on January 1, 2000, and on each day thereafter, the Term extends automatically by one day unless at any time we or Mr. Harris, by written notice, decides not to extend the Term, in which case the Term will expire five years from the date of the written notice. Accordingly, if we or Mr. Harris were to provide notice on June 30, 2004, the Term would expire on June 30, 2009.

During the period of employment, Mr. Harris shall serve as our Chairman and Chief Executive Officer; be responsible for our general management of the affairs and all subsidiaries, reporting directly to our Board of Directors; serve as a member of the Board for the period of which he is and shall from time to time be elected or reelected; and serve, if elected, as our President and as an officer and director of any subsidiary or affiliate of the Company.

Mr. Harris is to receive compensation under his Employment Agreement in the form of base salary of \$208,315 for 2000, with automatic yearly adjustments to reflect inflation. In addition, the Board may increase such salary, and consequently decrease it, but not below the level provided for by the automatic adjustments described above. Mr. Harris is also entitled to participate in our Profit-Sharing Plan as well as in all compensation or employee benefit plans or programs, and to receive all benefits, perquisites, and emoluments for which salaried employees are eligible. Under the Employment Agreement, we will furnish Mr. Harris with certain perquisites which include a company car, membership in certain clubs and up to a \$5,000 annual reimbursement for personal, financial or tax advice.

The Employment Agreement provides Mr. Harris with life insurance for the benefit of his designated beneficiaries in the amount of \$2,000,000; provides reimbursement for uninsured medical expenses, not to exceed \$10,000 per annum, adjusted for inflation, over the period of the contract; provides Mr. Harris and spouse with long-term care insurance; and provides disability insurance in the amount of 100 percent of his base salary. These benefits are for the term of the contract.

The Employment Agreement provides severance pay in the event of

termination without cause or by constructive discharge and also provides for certain death benefits payable to the surviving spouse equal to the executive's base salary for a period of two years.

In addition, Mr. Harris is entitled to receive severance pay pursuant to the severance compensation agreement that he entered into with us, effective August 15, 1990. The severance

17

compensation agreement provides that if, following a change in our control, as defined in the agreement, such individual's employment is terminated by us without cause or by the executive within one year of such change in control, the individual shall be entitled to receive compensation in a lump sum payment equal to 2.99 times the individual's average annualized compensation and payment of other welfare benefits. If Mr. Harris's termination is without cause or is a constructive discharge, the amount payable under the Employment Agreement will be reduced by the amounts paid pursuant to the severance compensation agreement.

SERP

The Employment Agreement provides that we adopt a supplemental executive retirement plan (the "SERP") for the benefit of Mr. Harris. Under the SERP, we will cause an amount equal to one-twelfth of Mr. Harris's current base salary to be credited each month (a "Monthly Credit") to a special account maintained for this purpose on our books for the benefit of Mr. Harris (the "SERP Account"). The amounts credited to the SERP Account will be deemed invested or reinvested in such mutual funds or U.S. Government securities as determined by Mr. Harris. The SERP Account will be credited and debited to reflect the deemed investment returns, losses and expenses attributed to such deemed investments and reinvestments. Mr. Harris's benefit under the SERP will equal the balance in the SERP Account and such benefit will always be 100 percent vested (i.e., not forfeitable). Mr. Harris will determine the form and timing of the distribution of the balance in the SERP Account; provided, however, in the event of the termination of Mr. Harris's employment, the balance in the SERP Account will be distributed to Mr. Harris or his beneficiary, as the case may be, in a lump-sum payment within 30 days of such termination. We contributed \$298,306 during 2003 to a rabbi trust established for the purpose of accumulating funds to satisfy the obligations incurred by the Company under the SERP. The restricted funds for the SERP Plan total \$1,212,078 at December 31, 2003. Mr. Harris's rights to benefits pursuant to this SERP will be no greater than those of a general creditor of the Company.

Senior Code of Ethics

On March 19, 2004, the Board of Directors adopted a Senior Code of Ethics for Chief Executive and Senior Financial Officers. A copy of this code of ethics will be provided, free of charge, to each shareholder as of March 26, 2004, upon the written request of such shareholder by writing to: Investor Relations, Harris & Harris Group, Inc., 111 West 57th Street, Suite 1100, New York, New York 10019.

Remuneration of Directors and Others

The following table sets forth the compensation paid by us for the fiscal year ended December 31, 2003 to our directors and others. During the fiscal year ended December 31, 2003, we did not pay any pension or retirement benefits.

 - (2) Includes \$1,613 for reimbursement for travel expenses to attend board meetings and \$1,313 for consulting services. Dr. Kirkpatrick may be considered an "interested person" because of consulting work performed for us.
 - (3) Includes \$414 for reimbursement for travel expenses to attend board meetings.
 - (4) Includes \$1,725 for reimbursement for travel expenses to attend board meetings and \$57,000 for consulting services. Ms. Pressman may be considered an "interested person" because of consulting work performed for us.
 - (5) Mr. Harris is an "interested person" as defined in the 1940 Act.

Effective June 18, 1998, directors who were not officers received \$1,000 for each meeting of the Board of Directors and \$1,000 for each committee meeting they attended in addition to a monthly retainer of \$500. Prior to June 18, 1998, the directors were paid \$500 for committee meetings and no monthly retainer. We also reimburse our directors for travel, lodging and related expenses they incur in attending board and committee meetings. The total compensation and reimbursement for expenses paid to all directors in 2003 was \$162,014.

In 1998, the Board of Directors approved that effective January 1, 1998, 50 percent of all director fees be used to purchase our common stock from us. However, effective March 1, 1999, the Board of Directors approved that directors purchase our common stock in the open market, rather than from us. During 2000 and 2001, the outside directors (i.e., all directors except Mr. Harris) bought a total of 15,818 and 7,944 shares, respectively, in the open market. In 2002, the outside directors bought 9,524 shares in the open market and 43,426 shares through exercise of rights in a public offering of our common stock. In 2003, the directors bought 7,860 shares in the open market.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10 percent of our common stock, to file reports (including a year-end report) of ownership and changes in ownership with the Securities and Exchange Commission (the "SEC") and to furnish the Company with copies of all reports filed.

Based solely on a review of the forms furnished to us, or written representations from certain reporting persons, we believe that all persons who were subject to Section 16(a) in 2003 complied with the filing requirements.

(Proposal No. 2)

PricewaterhouseCoopers LLP has been selected as the independent accountant to audit our accounts for and during the fiscal year ending December 31, 2004. This selection has been made by the Audit Committee and is subject to ratification or rejection by our shareholders. We know of no direct or indirect financial interest of PricewaterhouseCoopers LLP in us.

A representative of PricewaterhouseCoopers LLP is not expected to be present at the meeting.

UNLESS MARKED TO THE CONTRARY, THE SHARES REPRESENTED BY THE ENCLOSED PROXY CARD WILL BE VOTED FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT ACCOUNTANT.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

SALE OF RIGHTS TO PURCHASE COMMON STOCK AT NOT
LESS THAN THE GREATER OF THE MARKET VALUE OR THE
NET ASSET VALUE PER SHARE AT THE TIME OF ISSUANCE

(Proposal No. 3)

Proposal

- -----

During the coming year the Board of Directors believes it would be in our best interest to have the ability to offer long-term rights (which may be accompanied by or be part of other securities -- e.g., convertible debt or convertible preferred securities) to purchase common stock at an exercise price that will not be less than the greater of the market value or the net asset value per share at the time of issuance of such long-term rights. Section 61(a) of the 1940 Act permits a business development company such as us to sell such securities on such terms (and to issue shares of common stock upon their exercise), only if several conditions are satisfied. Specifically, such practice must be approved by a majority of the independent directors and shareholders of the issuer within 12 months prior to sale. In addition, a majority of the issuer's independent directors must determine in good faith that the issuance of such securities is in the best interests of the Company and our shareholders and that the price at which such rights or other securities are to be sold (which refers to the exercise or conversion price in the case of rights such as warrants, options or conversion rights) is not less than a price which closely approximates the market value for the underlying shares of common stock at the time of issuance of such rights or other securities. Finally, the long-term rights or other securities outstanding at any particular time may not be exercisable or convertible for more than 25% of the common stock outstanding at that time. The subsequent issuance of shares upon exercise of properly authorized rights is permitted without regard to net asset value or market value at the time of exercise. Our Board of Directors has approved and recommends to the shareholders for their approval a proposal authorizing us, over the next year, to issue long-term rights to purchase common stock (subject to the 25% limitation stated above) at exercise prices that will not be less than the greater of the market value or the net asset value per share at the time of issuance of such rights. Upon obtaining the requisite shareholder approval, we will comply with the foregoing requirements in connection with any financing undertaken pursuant to this proposal.

Reasons for the Proposal

- -----

Management and the Board of Directors have determined that it would be advantageous to us to have the ability to sell, either alone or as part of another security, warrants, options or rights to purchase common stock in connection with our financing and capital raising activities. This ability may be a cost-effective way for us to raise capital. Our Board of Directors has determined that it would be in the best interest of the Company and our shareholders to increase our assets so that we may be in a better position to make follow-on investments and take advantage of attractive new investment opportunities in tiny technology, including nanotechnology, microsystems and microelectromechanical systems (MEMS), augment working capital, increase the diversification of our portfolio and achieve other net benefits to us. We believe that our prior investment and expertise in the tiny technology sector are likely to lead to several attractive investment opportunities in the tiny technology sector becoming available to us over the next one to two years. We do not have any current plans to issue rights or other

securities and would determine to do so only after reviewing the pace at which we are investing the proceeds of our recent stock offering and the level and attractiveness of investment opportunities becoming available.

The Board also believes that increasing our assets will lower our expense ratio by spreading our fixed costs over a larger asset base. The issuance of additional common stock may also enhance the liquidity of our common stock on the Nasdaq National Market.

Although we are permitted without shareholder approval to engage in rights offerings to our existing shareholders of short-term rights to purchase common stock at less than net asset value per share, these offerings must either be non-transferable, in which case shareholders who decide not to participate will have no means of capturing any portion of the value of the right to acquire shares at a discount, or must be limited in such a manner that we, after applying the offering discount, can increase our capital base by only approximately 25 percent per year. In addition, offerings of transferable rights whose exercise price is at a discount to net asset value may be made only once per year. In 2002, we made such a transferable rights offering and believe that the investment opportunities in tiny technology over the coming year are likely to be sufficient to justify raising capital. Inasmuch as the Board of Directors believes that it would not be in the best interests of shareholders for us to engage in large scale nontransferable rights offerings, it believes that the proposal is an attractive way to give us additional flexibility to take advantage of investment opportunities that may arise over the next one to two years.

The Board of Directors has approved and is seeking shareholder approval of the proposal described above to sell, either alone or as part of another security, warrants, options or rights to purchase common stock. The final terms of any such sale, including price, term, and vesting requirements, will be determined by the Board of Directors at the time of issuance. Also, the nature and amount of consideration that would be received by us at the time of issuance and the use of any such consideration would be considered and approved by the Board of Directors at the time of issuance. Any such issuance may be made pursuant to either a public or non-public offering, as determined by the Board of Directors in an appropriate manner prior to the time of issuance. Any such sale would be anticipated to result in a potential increase in the number of outstanding shares of common stock. The long-term rights or other securities outstanding at any particular time may not be exercisable or convertible for more than 25% of the common stock outstanding at that time.

Dilution - - - - -

Any such sale, other than to existing shareholders, would be potentially dilutive to the voting power of existing shareholders and could be dilutive with regard to dividends and other economic aspects of the common stock. Because the number of shares of common stock that could be so issued and the timing of any issuance is not currently known, the actual dilutive effect cannot be predicted. In addition, because the exercise price per share at the time of exercise could be less than the net asset value per share at the time of exercise and because we could well incur expenses in connection with any such sale, such exercise could result in a dilution of net asset value per share at the time of exercise for all shareholders. Such dilution would disproportionately affect non-subscribing shareholders.

Leverage - - - - -

Any long-term rights issued may be accompanied by or be part of other securities, including convertible debt or convertible preferred securities. If we issue convertible debt or convertible preferred securities accompanied by long-term rights, such issuance would result in the use of leverage by us and would require us to make periodic interest or dividend payments. The use of leverage results in additional risks and can magnify the effect of any losses. If the income and gains earned on securities purchased with the proceeds of such convertible securities are greater than the cost of leverage, our return on the shares will be greater than if leverage had not been used. Conversely, if the income or gains from the securities purchased with such proceeds does not cover the cost of leverage, the return to us will be less than if leverage had not been used. There is no assurance that a leveraging strategy will be successful.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

REMOVAL OF CERTAIN INVESTMENT RESTRICTIONS

(Proposal No. 4)

The Board of Directors, including the independent directors, has proposed that shareholders approve the elimination of certain fundamental investment restrictions we adopted years ago when we were an investment company. We propose this change because we are concerned that these investment restrictions are outdated and could unnecessarily limit our operations going forward. The Board recently reviewed each of our investment restrictions and determined that it would be in the best interests of shareholders to eliminate certain investment restrictions that are not required under applicable law.

Under the 1940 Act, a registered investment company is required to recite its policy with respect to certain investment activities. Under the 1940 Act, an investment policy that is classified as "fundamental" may not be changed without the approval of a company's shareholders. When we were a registered investment company, we adopted certain fundamental investment restrictions as required by the 1940 Act. The provisions of the 1940 Act regarding fundamental investment restrictions and objectives are not applicable to business development companies. When we elected to be treated as a business development company, we did not formally remove these investment restrictions. Although we believe that these restrictions do not apply to us, our Board is recommending that the shareholders approve this proposal to ensure there is no doubt regarding their applicability.

Although the proposed elimination of the investment restrictions generally give us broader authority to make certain investments or engage in certain investment practices, we do not currently intend to change in any way our investment strategy or operations. In addition, many of the investment restrictions are no longer relevant to our business strategy. The proposal was approved by the Board of Directors, subject to shareholder approval, at a meeting held on March 10, 2004.

23

At the Annual Meeting, shareholders will vote on the proposal to remove the investment restrictions listed below. If approved, the removal of these investment restrictions will become effective immediately. If the proposal is not approved, the current restrictions will remain in effect unless we are correct in our assessment that they do not apply. If these restrictions do remain in effect, we will be limited in our future ability to implement certain techniques, while other business development companies will be able to implement those techniques because they do not have these restrictions.

Approval of the proposal with respect to the removal of each investment restriction will require the approval of the holders of a majority of the voting securities outstanding on the record date (defined in the 1940 Act as the lesser of (a) more than 50% of the shares outstanding on the record date or (b) 67% or more of the shares represented at a meeting at which more than 50% of the shares outstanding on the record date are represented). Because abstentions and broker non-votes are treated as shares present but not voting, any abstentions and broker non-votes will have the effect of votes against this proposal.

Items described below in Proposals 4A through 4G will require a single vote.

PROPOSAL 4A

ELIMINATION OF THE INVESTMENT RESTRICTION REGARDING CONCENTRATION

The fundamental investment restriction regarding concentration currently reads as follows:

"[The Company may not] invest more than 25% of the value of its total assets in any one industry."

The Company makes initial venture capital investments exclusively in tiny technology. Tiny technology companies permeate a variety of industries. Accordingly, the Company has no present intention to concentrate in any one industry, although it desires the freedom to do so to the extent its investment opportunities develop in that manner.

The Board of Directors proposes that shareholders remove the above-referenced investment restriction regarding industry concentration

because such an investment restriction is not required for a business development company, although the Company has no present intention to concentrate in any one industry.

PROPOSAL 4B

ELIMINATION OF THE INVESTMENT RESTRICTION REGARDING BORROWING AND THE ISSUANCE OF SENIOR SECURITIES

The fundamental investment restriction regarding borrowing and issuing senior securities currently reads as follows:

24

"[The Company may not] issue senior securities other than:

- (a) preferred stock not in excess of the excess of 50% of its total assets over any senior securities described in clause (b) below that are outstanding,
- (b) senior securities other than preferred stock (including borrowing money, including on margin if margin securities are owned and through entering into reverse repurchase agreements, and providing guaranties) not in excess of 33 1/3% of its total assets, and
- (c) borrowings of up to 5% of its total assets for temporary purposes without regard to the amount of senior securities outstanding under clauses (a) and (b) above; provided, however, that its obligations under interest rate swaps, when issued and forward commitment transactions and similar transactions are not treated as senior securities if covering assets are appropriately segregated; or pledge its assets other than to secure the issuances or in connection with hedging transactions, short sales, when-issued and forward commitment transactions and similar investment strategies.

For purposes of clauses (a), (b) and (c) above, "total assets" shall be calculated after giving effect to the net proceeds of any issuance and net of any liabilities and indebtedness that do not constitute senior securities except for liabilities and indebtedness as are excluded from treatment as senior securities by the proviso to this item (2)."

The Board of Directors proposes that shareholders remove the above-referenced investment restriction regarding the issuance of senior securities because such an investment restriction is not required for a business development company, although the Company has no present intention to issue senior securities. In fact this restriction is inconsistent with the capital structure authorized by the 1940 Act for business development companies such as the Company. These provisions would permit us to issue debt or preferred stock so long as our total assets immediately after the issuance, less some ordinary course liabilities, exceed 200% of the sum of the debt and any preferred stock outstanding, subject to some exceptions. Under the 1940 Act, we can issue options and/or warrants for 25% or less of our outstanding voting securities.

PROPOSAL 4C

INVESTMENT RESTRICTION REGARDING LENDING

The fundamental investment restriction regarding making loans currently reads as follows:

25

"[The Company may not] make loans of money or property to any person, except through loans and guaranties to entities, loans of portfolio securities, the acquisition of fixed income obligations consistent

with our investment objective and policies or the acquisition of securities subject to repurchase agreements."

The Board of Directors proposes that shareholders remove the above-referenced investment restriction regarding making loans because such an investment restriction is not relevant to the Company, which does not have any investment objective and is not required to have any policy regarding loans.

PROPOSAL 4D

INVESTMENT RESTRICTION REGARDING UNDERWRITING SECURITIES

The fundamental investment restriction regarding underwriting securities currently reads as follows:

"[The Company may not] underwrite the securities of other issuers, except to the extent that in connection with the disposition of portfolio securities or the sale of its own securities we may be deemed to be an underwriter."

The Board of Directors proposes that shareholders remove the above-referenced investment restriction regarding underwriting securities because such an investment restriction is not required for a business development company, although the Company has no present intention to underwrite securities.

PROPOSAL 4E

INVESTMENT RESTRICTION REGARDING THE PURCHASE OR SALE OF REAL ESTATE

The fundamental investment restriction regarding the purchase or sale of real estate currently reads as follows:

"[The Company may not] purchase or sell real estate or interests therein in excess of its total assets or interests therein in excess of its total assets."

The Board of Directors proposes that shareholders remove the above-referenced investment restriction regarding the sale of real estate because such an investment restriction is not required for a business development company, although the Company has no present intention to purchase or sell real estate.

26

PROPOSAL 4F

INVESTMENT RESTRICTION REGARDING THE PURCHASE OR SALE OF COMMODITIES

The fundamental investment restriction regarding the purchase or sale of commodities currently reads as follows:

"[The Company may not] purchase or sell commodities or purchase or sell commodity contracts except for hedging purposes or in connection with business operations and except for precious metals and coins."

The Board of Directors proposes that shareholders remove the above-referenced investment restriction regarding the purchase or sale of commodities because such an investment restriction is not required for a business development company, although the Company has no present intention to purchase or sell commodities.

PROPOSAL 4G

INVESTMENT RESTRICTION REGARDING MAKING SHORT SALES

The fundamental investment restriction regarding making short sales currently reads as follows:

"[The Company may not] make any short sale of securities except in conformity with applicable laws, rules and regulations and unless, in

giving effect to the sale, the market value of all securities sold short does not exceed 25%, except short sales "against the box" which are not subject to the limitation, of the value of its total assets and our aggregate short sales of a particular class of securities does not exceed 25% of the then-outstanding securities of that class."

If Proposal 4 is adopted, the Company would have the authority to effect short sales. A short sale is a transaction in which a company sells a security it does not own by borrowing it from a broker, and consequently becomes obligated to replace that security.

The Board of Directors proposes that shareholders remove the above-referenced investment restriction regarding short sales because such an investment restriction is not required for a business development company, although the Company has no present intention to make short sales.

Appendix A

CHARTER
of the AUDIT COMMITTEE
of the BOARD of DIRECTORS
of
Harris & Harris Group, Inc.

The Board of Directors (the "Board") of Harris & Harris Group, Inc. (the "Corporation") has determined that the Audit Committee of the Board shall assist the Board in fulfilling certain of the Board's oversight responsibilities. The Board hereby adopts this Charter to establish the governing principles of the Audit Committee and shall review and reassess the adequacy of this Charter on an annual basis.

I. Role of the Audit Committee

The role of the Audit Committee is to act on behalf of the Board in fulfilling the following responsibilities of the Board:

- A. To oversee all material aspects of the Corporation's accounting and financial reporting processes, internal control and audit functions, except those that are specifically related to the responsibilities of another committee of the Board;

- B. To monitor the independence and performance of the Corporation's independent accountants;
- C. To provide a means for open communication among the Corporation's independent accountants, financial and senior management and the Board; and
- D. To oversee compliance by the Corporation with legal and regulatory requirements.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct financial statement audits or to determine that the Corporation's financial statements are complete and accurate or are in accordance with generally accepted accounting principles. The responsibility to plan and conduct financial statement audits is that of the Corporation's independent accountants. The Corporation's management has the responsibility to determine that the Corporation's financial statements are complete and accurate and in accordance with generally accepted accounting principles. Nor is it the duty of the Audit Committee to assure the Corporation's compliance with laws and regulations. The primary responsibility for these matters also rests with the Corporation's management.

II. Composition of the Audit Committee

- A. The Board shall designate the members of the Audit Committee at the Board's annual organizational meeting and each member shall serve, subject to his or her earlier resignation or removal from the Audit Committee or his or her ceasing to be a

30

director, until the next such meeting and until their successors are designated by the Board.

- B. The Audit Committee shall consist of at least three members, but no more than six members. The members of the Audit Committee shall meet the independence and experience requirements of the rules of the principal market or transaction reporting system on which the Corporation's securities are traded or quoted (currently, the Nasdaq National Market), Section 10A(m)(3) of the Securities Exchange Act of 1934 and the rules and regulations of the Securities and Exchange Commission (the "SEC").

III. Meeting of the Audit Committee

The Audit Committee shall meet at least two times a year and more frequently as circumstances may require. The Audit Committee shall be responsible for meeting with the independent accountants at their request to discuss the interim financial statements. The Audit Committee shall meet privately with the independent accountants at least annually in a separate executive session.

IV. Responsibilities of the Audit Committee

The Audit Committee shall assist the Board in overseeing the Corporation's financial and operating reporting practices, internal controls and compliance with laws and regulations.

Specifically, the Audit Committee shall have the responsibility with respect to:

- A. The Corporation's Risks and Control Environment:
 - o To discuss with the Corporation's management and independent accountants the integrity of the Corporation's financial reporting processes and controls, particularly the controls in areas representing significant financial and business risks; and
 - o To investigate and follow up on any matters brought to its attention within the scope of its duties.

B. The Corporation's Independent Accountants:

- o The Audit Committee shall have the sole authority to appoint or replace the independent accountants (subject, to ratification by the Board). The Audit Committee shall be directly responsible for the compensation and oversight of the work of the independent accountants (including resolution of disagreements between management and the independent accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent accountants shall report directly to the Audit Committee;
- o To ensure that the Audit Committee receives annually from the Corporation's independent accountants the information about all of the relationships between the

31

independent accountants and the Corporation that the independent accountants are required to provide to the Audit Committee, to actively engage in a dialogue with the independent accountants about any relationships between the independent accountants and the Corporation or any services that the independent accountants provide or propose to provide that may affect the objectivity and independence of the independent accountants and to take, or recommend that the Board take, any appropriate action to oversee the independence of the independent accountants;

- o The Audit Committee shall establish guidelines similar to those set forth in Annex A relating to the Corporation's hiring of employees or former employees of the independent accountants who participated in any capacity in the audit of the Corporation;
- o The Audit Committee shall establish policies or procedures similar to those set forth in Annex B to pre-approve all auditing services and permitted non-audit services (including fees and terms thereof) (the "Covered Services") to be performed for the Corporation by its independent accountants. The Audit Committee may form and delegate authority to the Chairman of the Audit Committee or subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of the Chairman or such subcommittee to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting; and
- o To ensure the rotation of the lead (or coordinating) audit partner (or, if required by the rules and regulations of the SEC, other employees of the independent accountants) having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law.

C. The Corporation's Financial Reporting Process:

- o To oversee the Corporation's selection of and major changes to its accounting policies;
- o To meet with the Corporation's independent accountants and financial management both to discuss the proposed scope of the audit and to discuss the conclusions of the audit, including any items that the independent accountants are required by generally accepted auditing standards to discuss with the Audit Committee, such as, any significant changes to the Corporation's accounting policies, the integrity of the Corporation's financial reporting process and any

proposed changes or improvements in financial, accounting or auditing practices;

- o To discuss with the Corporation's financial management and independent accountants the Corporation's annual results and, when appropriate, the interim results before they are made public;

32

- o To review with management and the independent accountants, prior to the filing of an audit report with the SEC, all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by independent accountants;
- o To review with management and the independent accountants, prior to the filing of an audit report with the SEC, material written communications between the independent accountants and management, such as any management letter or schedule of unadjusted differences;
- o Review disclosures made to the Audit Committee by the Corporation's Chief Executive Officer and Chief Financial Officer during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Corporation's internal controls;
- o To review with the independent accountants, prior to the filing of an audit report with the SEC, all critical accounting policies and practices to be used;
- o To review and discuss with the Corporation's financial management and independent accountants the Corporation's audited financial statements including qualitative judgments, appropriateness of accounting principles (old and new), financial disclosure practices, and any observations regarding the quality of accounting principles and underlying estimates and, when appropriate, the Corporation's interim financial statements, before they are made public;
- o To recommend to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K; and
- o To issue for public disclosure by the Corporation the report required by the rules of the SEC.

D. Other Matters

- o To review and reassess the adequacy of this charter on an annual basis;
- o To review reports and any financial information submitted by the Corporation to a government body or the public;
- o To report to the Board the matters discussed at each meeting of the Audit Committee;
- o To administer the procedures set forth in Annex C relating to the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous

submission by employees or any other provider of accounting related services of concerns regarding questionable accounting or auditing matters;

- o To keep an open line of communication with the financial and senior management and the independent accountants and the Board; and
- o To review in advance and approve any "related party" transaction, or series of similar transactions, to which the Corporation or any of its subsidiaries was or is to be a party, in which the amount involved exceeds \$60,000 and in which such related party had, or will have, a direct or indirect material interest. For purposes of this item, a "related party" includes any director or executive officer of the Corporation, any nominee for election as a director, any security holder who is known to the Corporation to own of record or beneficially more than five percent of any class of the Corporation's voting securities, and any member of the immediate family(1) of any of the foregoing persons. The materiality of any interest is to be determined on the basis of the significance of the information to investors in light of all the circumstances of the particular case.

V. Advisors/Funding

In discharging its duties hereunder, the Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Corporation shall provide for appropriate funding, as determined by the Audit Committee, for payment of such compensation as is determined by the Audit Committee to the independent accountants and to any other advisors employed by the Audit Committee. The Corporation shall also provide funding for any other functions or initiatives undertaken by the Audit Committee.

-
- (1) A person's immediate family shall include such person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, and brothers and sisters-in-law.
